

SAVED HIS LIFE

A Guthrie Man Tells How It Happened.

One of Guthrie's well known citizens used Doan's Kidney Pills some years ago for a terrible attack of kidney trouble. The good result he had so pleased him that he has the following statement for his fellow townsmen. You may be waiting to hear his story—Read it.

W. H. C. Brown, real estate dealer, 912 E. Vassar, Ave., Guthrie, says: "For at least seven years I was a victim of kidney complaint and at one time I had an attack of gravel. This left my kidneys very weak and after that I suffered almost constantly from a lame and aching back. The kidney secretions passed too frequently at night and the passages were attended with pain. I was treated by physicians and used one medicine after another, but found only temporary relief. I did not think there was any help for me and it would be almost impossible for me to describe how miserable I was when I got Doan's Kidney Pills at the Corner Pharmacy. They helped me so greatly from the first that I continued using them. Three boxes restored me to good health."

A SECOND STATEMENT.

OVER SIX YEARS LATER. Mr. Brown said: "I don't believe I would be alive today were it not for Doan's Kidney Pills. My health has been excellent since I used them."

"Since then, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown has twice publicly recommended. Foster-McLure Co., Props., Buffalo, N. Y."

NEW ORDER BY

COMMISSION KILLS ONE OIL FIELD TRAIN

Oilton, Okla., Aug. 4.—Following the recent order of the state corporation commission, directing the Oil Fields & Santa Fe Railroad company to charge but the regulation 2 cents a mile passenger fare, the railway company has taken off one freight train daily between Jennings and Oilton and it is understood that other retrenchments will be made. The train, taken off, was one that carried passengers. It left Jennings about 7:30 p. m. daily excepting Sunday, and returned to Jennings from Oilton, leaving here at about 10 p. m.

The order of the commission set August 10 as the date when the railway company may make a showing on whether or not it should have a different passenger rate than that charged elsewhere on the Santa Fe lines in the state. Ever since the Oil Belt Terminal railroad was built, the passenger rate of 5 cents a mile has been charged, or 40 cents from Jennings to Oilton, 8 miles, and fifty cents from Oilton to Pemetta, 10 miles. The Santa Fe has also charged an excessive freight and express rate.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Address: J. C. HENRY & Co., Toledo, Ohio. Sold by all Druggists. For Catarrh of the Bladder, see "Facts" for Constipation.

NOW TEN MILLION GERMANS UNDER MILITARY RULE

BRITISH SOLICITOR GENERAL ARGUES FOOD SEIZED WAS FOR GERMANY

London, Aug. 4.—At today's session of the most serious cases before a British prize court, Sir Frederick Smith, the solicitor general, produced a sworn statement made by Major Eric Dillon, a member of the general staff, stating a British estimate which he says is approximately correct, showing that the number of persons serving in the German army and under the control of German military authority aggregates 10,000,000.

The statement was produced in support of the Crown's contention that people employed in some of the ordinary civilian occupations are now in the service of the German government and no longer part of the civilian population; that, therefore, the foodstuffs seized by the British government really was intended for Germany's military forces. Major Dillon's figures follow:

A. Under arms in two fronts, in garrisons in Belgium and on lines of communications, 4,000,000.

B. In training in Germany 750,000.

C. Casualties, including constant temporary wastage, 2,000,000.

D. On railways, all of which are used and organized specially for war and are controlled by the military authorities, 500,000.

E. At the Krupp's arsenals and factories and other arsenals and factories concerned in the manufacture of war munitions, 750,000.

F. In coal mines and in factories concerned in making army boots, clothing and other articles necessary in the equipment and provisioning of the army, 2,000,000.

Solicitor General Smith argued that the German government reserved the right to substitute rations in lieu of money to the thieves and children of these men. Therefore, at the rate of two dependents for each of the 10,000,000, he said, there would be 20,000,000 who might be dependent on the state for rations, so that it would be fair to assume that, in all probability, the seized foods were intended for government use.

TAKE OUT THE ASHES.

Tremia is due to the circulation in the system of poison and waste products that should be removed from the blood by the kidneys. If the ashes are not removed the fire dies and the machinery stops. So with the waste products of the system. Foley Kidney Pills help the kidneys remove waste matter that causes rheumatism, aches and pains, stiff joints and sore muscles. Sold everywhere.

AN EASY WAY TO GET FAT AND BE STRONG

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh cream," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its regenerative, reconstructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, how your neck, shoulders and chest expand and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. All leading druggists of Guthrie and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution:—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.

SAGE TEA DANDY TO DARKEN HAIR

Look years younger! Use the old-time Sage Tea and Sulphur and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all done gently, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

GERMAN MOB HOOTS GERARD IN BERLIN

POLICE PROTECT AMERICAN EMBASSY FROM AN ANGRY STUDENT BODY

Zurich, Switzerland, Aug. 4.—American travelers arriving here today from Berlin report that there were serious anti-American disturbances in the German capital on Tuesday and Wednesday of this week.

A large crowd of students gathered in front of the American embassy and hooted and yelled until they were dispersed by a force of police summoned to protect the building.

The police, according to the travelers, requested Americans in Berlin to refrain from wearing the Stars and stripes, as badges or scarves, the sight of which they say, irritates the Germans and often exposes the wearers to insults and molestation.

U. S. Cannot Act on Demonstration.

Washington, Aug. 4.—This government, which has learned of several manifestations against Americans in Berlin, including the disorder in front of the American ambassador's residence in Berlin; against citizens of the United States who were embassadors of the stars and stripes, will do nothing at present. The German government is within its rights when it forbids the display of the American flag in the streets, when such an order has as its purpose the protection of American citizens against unruly demonstrations.

The American government has taken no action in relation to the recent demonstration. The "fixed" policy is that it will hold the German government responsible for any injury done American citizens. It cannot, however, recognize the demonstration against this country any more than Germany should expect this government to prevent demonstrations against Germans.

MINERS ARE AFTER PETE HANRATY'S SCALP

McAlester, Okla., Aug. 4.—The executive board of the United Mine Workers of America for District 21 are deadlocked, three to three, on charges preferred against President Pete Hanraty, according to information which has just leaked out from local district headquarters. Complaints filed by locals at McAlester, Okla., and Spadra and Hartford, Ark., charge that Hanraty has signed agreements with coal operators which are in violation of the union's laws, and for wage scales lower than provided for in the biennial agreement. The complaints ask that the district president be removed.

CLAIMS RIVERBED UNDER NEW PROPOSITION

Gilman, Okla., Aug. 3.—Claiming that the laws of Oklahoma should be uniform, Dr. Bland, now owner of the Elia Harjo tract of land along the Cimarron river, has given a lease on the riverbed along his holdings as a portion of his riparian rights. The Metropolitan Oil company is now drilling on the Elia Harjo and has made two other locations for wells. Bland declares the state can not claim ownership of the Cimarron riverbed in the oil field without claiming it also clear along its course; that the salt properties and at the same time the Elia Harjo are in the name of the state if the oil properties are. This opens up the riverbed ownership question in a new light. The state has advertised that this stretch of riverbed, together with all other in township 15-7, will be leased today.

FORD WOULD LIVE AND WORK UNTIL HE IS 95

DECLARES ON BIRTHDAY THAT LABOR RE ENJOYED BY ALL

Detroit, Mich., Aug. 4.—Henry Ford on the 52d anniversary of his birth, yesterday said that he believed that he would live to be at least 95 years old, that he wanted to live as long as he was able to work and that he hoped to be able to work just as long as he lived.

"I get the most enjoyment out of my work," he said. "A man's work in the world is the most important thing in his life. If he doesn't enjoy that work he must be accounted one of the most miserable creatures in existence. The idea of combining work and play is all right for children, but it should be a man's ambition to make his work more enjoyable than his play."

"The tractor is my hobby now," he continued. "I spent almost all day yesterday plowing on my farm, using a tractor. I've got a year of hard work ahead of me on that machine. Transportation and its branches will give us work enough for the rest of my life. I expect never to diverge from it."

"The greatest necessity in the transportation field today is lighter and stronger construction of vehicles. Almost every kind of vehicle

weighs altogether too much. In future years we will laugh at the heavy railroad cars we now use."

UGH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED

"Dodson's Liver Tonic" Will Clean Your Stomach Better Than Calomel and Can Not Salivate.

Calomel makes you sick; you lose a day's work. Calomel is a quick-acting and a salivator; calomel injures your liver. If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tonic instead of using sickening, salivating calomel. Dodson's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful; full of energy, vigor and ambition.
